WILSON AGAINST ENFORCED WAR TRAINING, HE DECLARES

Rebukes Delegates of League
to Enforce Peace For
'Unrestrained' Words

**SAYS DEFENSE PLANS
BEING WORKED OUT**

'Serious Consideration' Is Be-
ing Given to Work, De-
clares Executive

WASHINGTON, Jan. 25.—Criticizing those voicing "dogmatic opposition" to the government army system, President Wilson today told the Maryland branch of the National Security League that all departments of the government are uniting to formulate the best possible system for the country's defense. He opposed compulsory universal military service but admitted that "physical training is needed."

He said that perhaps the real solution of the preparedness problem might be a standing army of professional soldiers of sufficient size to give real preparedness. President Wilson's declarations were made to representatives who called to urge some form of universal training. He opened his remarks by saying that he would have been more impressed if the delegation's contentions had been expressed in "more restrained language."

Opposing compulsory universal service, President Wilson said that such a system "does not meet the difficulties facing the country in its efforts to establish an adequate defense." But he declared that the legislative and executive branches of the government were giving "serious consideration" to what is the "wise thing for the defense of the country."

WOMAN IN L. A. DEATH MYSTERY HELD VICTIM OF ALCOHOL

Film Actor Jailed As Slayer
Expected to Be Freed
This Afternoon

LOS ANGELES, Jan. 25.—The autopsy surgeon announced that the death of Mrs. Nell Harvey was due to alcoholism. It is expected that Harland Winter, who was arrested for her murder, will be released this afternoon.

LOS ANGELES, Jan. 25.—This city this morning was startled by one of the strangest death cases in the history of Southern California.

Mrs. Nell Harvey, 29 years old, an attractive divorcee of Exeter, Cal., who had been working at the studios of several of the local motion picture companies, is dead, and Harland Winter, also a motion picture actor, is in jail, with a charge of murder lodged against him.

"Oh! Nellie is dead! I knew this would happen!"

These words are declared by a roomer in the hotel where the couple was registered to have been spoken by Winter following a disturbance in the couple's room this morning.

The hotel guest, immediately after Harland Winter left, telephoned to police headquarters. A squad of officers and plain-clothes men hurried to the hotel and battered down the door.

Officers Find Woman on
Blood-Soaked Bed

Her body nude, her face downward on the bed, her face and hair bathed in blood, Mrs. Harvey was found by the officers. The sheets of the bed were covered with gore. There were several bruises on the woman's body and it appeared that her nose had been broken.

When the police broke into the room the woman was still living, but she died in a few moments.

A dragnet immediately was spread over the city. It was while officers everywhere were making a rigid search that a telephone call reached police headquarters. This call came from a friend of Winter's, who lived nine blocks from the hotel where Mrs. Harvey was found.

Officers rushed to the hotel to which Winter had come and placed him under arrest. It was found that, having donned only his outer garments, Winter had left the blood-soaked body of Mrs. Harvey, locked the door, and had run frantically the entire nine blocks to his friend's hotel.

Accused Actor Trembles
When Arrested

Winter was almost unbalanced when arrested. His hands trembled. His face was ashen. He was unable to give only the most incoherent answers when grilled by the police.

In jail he insisted that Mrs. Harvey had a hemorrhage and that this had followed a nose-bleed. He said that his running from the hotel was merely for the purpose of obtaining help.

The couple had registered at the hotel as "J. Harland and wife," of Sacramento. It was found that Mrs. Harvey never left the room and that Winter carried in her meals.

Winter declared to the police that Mrs. Harvey and he had intended to marry soon.

**L. A. SALOON MEN WILL
MAKE CITY 'DRY,' IS
THREAT MADE BY THEM**

LOS ANGELES, Jan. 25.—The adoption of either of two ordinances, one doing away with saloons and one, known as the "21 per cent ordinance," will mean that the saloon men here will carry the local "liquor fight" to the limit and try to make the city absolutely "dry." The 21 per cent ordinance, behind which there are many of the brewers, winemakers, wholesalers, family liquor stores and restaurants, proposes to restrict saloon sales to liquor containing less than 21 per cent of alcohol. If this ordinance is adopted and a fair test proves it to be ruinous to the saloon interests, the saloon men will launch their "fight" to make the city "dry," they have announced.

He'll probably lose a good dinner at Silvio Hein. He wants the foil to help the actors' fund. It sells for 50 to 60 cents a pound.

SANDUSKY, O., Jan. 25.—R. A. Koelle, president of the city commission, performing the duties of mayor of Sandusky, is scheduled to go on trial today charged with neglecting to complete transcripts in criminal cases. U. S. May Seek 'Leak' In Europe; Secret Codes Feared Known

WASHINGTON, Jan. 25.—Revealing what is practically a new angle to the House Rules Committee's investigation of whether there was a "leak" from the White House to Wall Street, an official high in administration circles today said that confidential messages from the State Department became known in advance of the time desired because the State Department believes that its secret codes are known abroad.

Frequent charges have been made that the codes were known in Europe. It was not until today, however, that the State Department admitted its belief that the code has fallen into foreign hands.

In view of the "leak" investigation, this admission of the State Department seems significant; it may mean that the United States government is hopeful of tracing the "leak" abroad rather than to Washington.

**OFFICERS SEARCHING
FOR MEN WHO PEDDLE
'HOME SMOKED' HAMS**

City Marshal Jernigan is scouring the city in search of a man who gives his name as Charles Finney and for two others who are peddling hams, shoulders and bacon, declared to have been home smoked on a ranch in Garden Grove.

Finney first got a license to peddle free because he was a veteran of the Spanish-American war. It was found that he had two other wagons out on his permit, each of which should pay \$5 a day license. Jernigan called County Sealer George McPhee to meet Finney at the city hall to examine the man's scales, of which he had two. McPhee declared one to be defective, and he thought the other was also n. g. He told the men to appear at McPhee's office at the courthouse to have the scales tested. The man said he would be there, but he never showed up. It is presumed that he is still peddling in this section. Whether in the city limits or not, McPhee wants him arrested for having defective scales in his possession.

"Some months ago we had experienced here with some of these outside peddlers who come here and sell shoulders as hams at prices far above what we pay our own meat markets for shoulders," said McPhee. "If these peddlers have been doing that, if they have been selling short weight, the city marshal and I shall appreciate it if any housewife who has bought from them will notify either the city marshal or me. Whether they have been selling short weight or not, the man I talked to has committed an offense by having a defective scale."

**ACQUIT FRENCH WIFE

**BRITISH REFUSAL OF
U. S. SHELL CONTRACT
PERTURBS NAVY DEPT.**

WASHINGTON, Jan. 25.—Like a bombshell in the Navy Department came the announcement of England's refusal to allow Hadfields Limited to accept the American contract awarded to it for sixteen and fourteen-inch armor projectiles.

The Navy Department is greatly embarrassed by the action of the English government. Secretary of the Navy Daniels admitted.

Two courses were open to him. Secretary Daniels declared. One was to advertise for new bids, which would be certain to bring out the same bids recently submitted by American manufacturers and declared by the secretary of the navy to be "outrageous;" the other to hurry the proposed government projectile plant to completion and manufacture the shells independently.

It is intimated that the latter course would be pursued.

**WOMAN WHO TOOK HER
BABY TO JAIL WITH
HER IS FREED TODAY**

NEW YORK, Jan. 25.—Mrs. Mary Shutter, who carried her 14-month old baby to jail with her when she was sentenced to serve one month behind the bars for whipping an annoying neighbor's boy and breaking three of his ribs, was freed today. **JAPAN DIET BREAKS
UP AS POLITICS WAR
RAGES OVER PREMIER**

TOKIO, Jan. 25.—Bringing to a head the internal political situation, the Japanese Diet today dissolved.

The Nationalists in the Diet and the Constitutionalists in the House of Peers had united against Premier Terauchi.

The political fight has been in progress since Terauchi's appointment by the mikado as the successor of former Premier Okuma.

Even the Emperor was criticized for his action in appointing one with such strong militarist tendencies as Terauchi as premier.

Terauchi is recognized as one of the greatest military leaders, but his opponents say that his cabinet was not chosen in accordance with the Japanese constitution.

**U. S. MAY BE NATION
WITH 'RUDDER' UPON
MARCH 4, IS FOUND**

WASHINGTON, Jan. 25.—A nation without an executive, and without a legislative body, is what this United States may be March 4 unless Constitutional sharks trying to prevent it, succeed.

Sunday, March 4, is the death-day of the 64th Congress, and of President Wilson's first term.

Three precedents are found in American history—in 1821, 1849 and in 1877—for adjourning Congress on March 3, at noon, as Sunday fell on the fourth. No precedent is found for continuing its session until the fifth.

A resolution introduced by Senator Walsh, Montana, declares it is the sense of the Senate that the present session expires on March 4, at noon. It has been referred to the Senate Judiciary committee.

No decision has yet been reached as to when President Wilson and Vice-President Marshall will take their oaths of office. Either could, if necessary, take it the third, or again, be sworn in on Sunday the fourth, and then again on Monday, as a "guarantee" against fault in doing it Sunday.

Constitutional experts say the oath administered on Sunday would be completely legal and binding.

**SEEKS AMENDMENT TO
SANITARY DISTRICTS
ACT OF CALIFORNIA**

SACRAMENTO, Jan. 25.—Assemblyman L. L. Dennett is whipping into shape an amendment to the sanitary districts act to permit towns which are too small to incorporate as cities of the sixth class to make local improvements, to prevent the creation of nuisances, and to care for shade trees. This would virtually make the improvement club of the community the community government, but with out expense. This would affect several townships in practically every county.

**LOOK INTO PLAN OF
CO-OP FUMIGATION**

POMONA, Jan. 25.—C. T. Briggs, J. H. Moore and L. A. Fink, three directors of the Orange Heights Citrus Association at Corona, came over to investigate the co-operative methods of the Growers' Fumigation and Supply Company, which fumigated about 5000 acres of citrus trees each year for the orange and lemon growers of the San Antonio Fruit Exchange.

The visitors made a study of the cost of equipment and the expense of conducting annual fumigation campaigns. It is their intention to present their findings at the annual meeting of their association next week. They hope to make arrangements to form a co-operative fumigation association at Corona this year.

COLOSSAL SPRING DRIVE SEEN AS TURNING POINT OF MOVES TO END CARNAGE

Gigantic Death Orgy Loosed
By One or Both Sides
May Herald Peace

**WAR CHIEFS WORK TO
PREPARE FOR SMASHES
At Offensives' Halt, Belligerents Will See Their Fut-
ility, Holds Wilson**

BY ROBERT J. BENDER
(United Press Staff Correspondent)

WASHINGTON, Jan. 25.—It is today possible to say authoritatively that the sentiment among officials in Washington is that a great offensive in Europe this spring will prove to be the turning point in the present peace maneuvers.

It is known that President Wilson stands almost alone in his efforts to bring about the end of the war—he has few close advisors on the peace movement. While the executive is shrouding his various steps in the utmost secrecy, it is indicated from sources close to him that President Wilson himself believes that at least one gigantic effort will be made by one or both sides before the first actual, definite step toward ending the war is taken. Regardless of the tenor of the responses from the various belligerents on the President's speech before the Senate, many diplomats agree in this belief, saying that the news from the battlefronts shows that preliminary plans for such a drive are now in full swing.

Summing up the moves of the past month, however, it is believed that the President has laid a real groundwork for peace after the drive. The belief is that he feels that he has created a situation which will make it difficult for either side to insist on a continuance of the carnage after the result of the spring offensive has been definitely determined.

**BORAH WARNS SENATE
AGAINST ALLIANCES**

WASHINGTON, Jan. 25.—Senator Borah today introduced a resolution in which he warned America against the "danger of becoming involved in any entangling alliances with European countries."

Senator Works asked the senate to reaffirm the principles of the Monroe Doctrine.

Senator Cummins said that he could not vote for the resolution today to bring up his resolution for an open debate on President Wilson's speech. He said he is too busy with railroad legislation.

**ENGLISH LABOR SPURNS
PEACE PLANS NOW**

MANCHESTER, Eng., Jan. 25.—The Labor party conference today overwhelmingly rejected a resolution favoring immediate peace proposals to end the war.

The meeting also rejected a proposal for an international labor conference after the war. It adopted a resolution urging the adoption of an equitable system of conscription of accumulated wealth forthwith, including at least a 75 per cent tax on large incomes and direct taxes on land values.

**NO PEACE PARLEY UNTIL
GERMAN MILITARY MACHINE
IS BROKEN, SAYS BONAR LAW**

BRISTOL, Jan. 25.—The viewpoints of President Wilson and the entente as to the President's speech to the United States Senate differed radically, said, in effect, Andrew Bonar Law, chancellor of the exchequer and member of the British War Council, addressing a meeting in connection with the war loan campaign.

"America is very far removed from the horrors of this war. We are in the midst of them. America is neutral; we are not neutral," said the chancellor.

It is impossible for the allies to "forget the past," declared the chancellor, referring to the question of whether it would be possible to achieve the enforcement of a lasting peace by the methods suggested by President Wilson. "The past" referred to by the speaker, he made plain, was the period, at the outbreak of the war, when "the Germans swept aside every one of the barriers of international law and 'tore up treaties that they themselves had signed.'"

\$100,000 HOUSE IS WARMED BY WHOLESALE PATRONS

Warehouse of Smart & Final
Co. Inspected by Hundreds
of Southern Californians

With a service to the smaller cities duplicating that enjoyed by retailers in the larger cities, the Smart & Final Wholesale Grocery Company of Santa Ana and Wilmington has attracted strong support from the merchants of the small cities in Southern California until today its business growth in two years has reached such proportions that double the floor space is required to handle the big trade.

The company has just moved from its old quarters in Wilmington to the new \$100,000 warehouse erected by a Wilmington company for wholesale purposes. The company occupies a portion of the building under an option of the whole building under a lease of ten years. The floor space in use in the new warehouse is double that of the old quarters and is arranged to the very best advantage for handling a wholesale business. With the new

facilities the company is in better position to take care of its trade with dispatch.

The company during Monday, Tuesday and Wednesday evening entertained hundreds of its friends and patrons throughout Southern California. Special electric trains were provided by the company for transportation of its friends and patrons from Long Beach, San Pedro, Redondo, Los Angeles and other places. Last night was Los Angeles and Santa Ana night. Many local people have attended each evening, however, they being privileged to go any evening they desired. Guests were greeted at the door by Messrs. Smart and Final and were taken in hand by attendants who escorted them through the building, explaining the departments and advantages to the company of the arrangement of the quarters. Among those from this vicinity in attendance last night were R. R. Robinson, Frank Brown, E. E. Neff, Santa Ana; Mrs. Fred Clapp, Mrs. J. N. Isch, Laguna Beach; Elmer Folsom and Mr. Scott of Garden Grove.

The Smart & Final Company are giving the merchants of the smaller cities a service never before accorded them—the delivery of goods direct from the wholesale house to their door. That the efforts of the company to give its patrons the advantage of prompt and quick service are fully appreciated is fully demonstrated by the rapid growth of the business.

The company opened its Wilmington warehouse in March 1914, doing a business of \$7000. Last month it did a business of \$40,000. Five traveling salesmen operate from this branch, and the company maintains truck and machine equipment adequate to promptly take care of the needs of its customers.

The Santa Ana branch of the wholesale business has enjoyed a greater increase than has the branch at Wilmington.

The success of this institution here and at Wilmington has fully demonstrated that a wholesale enterprise can be operated in a small city to advantage.

The company is giving employment to a large number of people and in its operations is advertising Santa Ana extensively.

J. S. Smart is in charge of the Santa Ana branch and Mr. Final has the management of the Wilmington headquarters.

S. A. V. I. CO.

—Notice is hereby given that the annual meeting of the stockholders of the Santa Ana Valley Irrigation Company will be held in the office of said company in Orange, California, on the 6th day of February, 1917, at 9 o'clock a. m., for the purpose of electing directors for the ensuing year and for the transaction of any other business that may properly come before said meeting.

O. E. MANSUR, Secretary.

CRAVATH MAY YET BE VERNON CHIEF

Yes, Yes, there still is a chance of Garry Cravath becoming manager of the Vernon ball club. The Philly slugger has by no means become eliminated as a possibility. Victor Walker, crony of Cravath's, today let it become known that Cravath has, within the past few days, had another conference with T. J. Darmody, owner of the Tigers. Garry did not, of course, reveal what was the outcome of the confab.

Some time ago when President Baker of the Phillies wired Darmody that he wanted \$3000 for Cravath, Darmody promptly appeared to forget whatever ideas he may have had for putting Garry at the helm of the Tiger team.

Since then, however, it is known that Cravath has written to Baker in no uncertain terms to the effect that "now that he (Baker) had 'queered' Cravath's chances as a Coast League manager, he had better sell him, if he could get a nickle for him." For Cravath is aching not to return East for the coming season.

So, there is a possibility that the Philly president has lowered his figure a notch or two, recently.

BOLD THIEF LIFTS \$40 WITH BOARD

ANAHEIM, Jan. 25.—For the second time inside of a month the cigar stand at the Anaheim Bowling and Billiard Parlors was robbed. Before the thieves secured gold to the value of \$50 from the punch board at the stand. The affair last Monday occurred about 9 o'clock and was more daring by far in its execution than the first. Business was slack and G. W. Shaw, the proprietor, had gone to the Board of Trade meeting and Lee Mathews had gone home, leaving Jack Hedson in charge.

About 9 o'clock he was called inside to settle for a bowling game but before going placed the punch board with \$40 on it over against the cash register. When he returned, just a minute or two later, the board and money had disappeared.

CHANGE TO PIPELINE PROPOSAL ACCEPTED

ANAHEIM, Jan. 25.—At the meeting of the directors of the Santa Ana Valley Irrigation Company Director Dwyer reported F. Sietken willing to pipe part of the present ditch on his property and give the company a right of way for a pipeline for the balance of the ditch, to be put in at some future date, if necessary or desirable, provided the company would allow him to do away with the open dirt ditch at this time. The proposition was accepted.

The request of the Anaheim Water Company, for a pipeline in place of the present open cement ditch west of Walnut street, near Broadway was referred to the ditch committee. A communication was received from the Fresno Canal and Land Company in regard to placing fish screens on the canals of that company, was referred to the attorney for reply.

The request of J. B. Steward for about 650 feet of pipeline on his property was referred to the ditch committee.

The transfer of five shares of stock from J. A. Phelps to the City Package Delivery Company was granted.

MRS. TUSTIN IS DEAD AT LOS ANGELES HOME

"Mother" of Tustin Passes Yesterday At Ripe Old Age of 80 Years

Mrs. Mary Tustin, "mother" of Tustin, the beautiful and thrifty suburb three miles to the east of Santa Ana, died at her home, 4973 Pasadena avenue, Los Angeles, yesterday, within a few months of 80 years of age. Funeral services will be held at the family home tomorrow morning at 9 o'clock, and interment will be in Fairhaven cemetery, Santa Ana.

The deceased was a pioneer of Southern California, coming to what is now the city of Tustin in 1870. She had seen this section developed from a vast waste to the high degree of cultivation of today. She made her home at Tustin for about forty-one years, having gone to Los Angeles about five years ago to make her home with her daughter, Mrs. Fannie E. Platt.

She had hosts of warm friends in Santa Ana and Tustin and was well known to pioneers in Southern California. Her husband, Columbus Tustin, came to California in 1849, settling in Sonoma county, where he became interested in mining. Mrs. Tustin came to California from Middleville, Ind., in 1853, her parents locating at Sonoma. It was there that she met and married Samuel Tustin. Her husband preceded her to Tustin by two years, leaving her in the north while he came south to find a home. With N. O. Stafford, he purchased 700 acres of land, which later was divided equally between the two. He located the city of Tustin on his half. The Stafford holdings are a part of Santa Ana, comprising what is now the southeast part of this city. The first home of the Tustins is what is now known as the P. T. Adams home between this city and Tustin. Her husband is credited with being the first man to plant oranges in this valley. Tustin died in 1880, thirty-seven years ago.

Mrs. Tustin leaves four children, Samuel Tustin, who resides in the town of Tustin; Mrs. E. R. Nicoles, No. 413 Hazard street, Los Angeles; Mrs. Fannie E. Platt, who resided with her mother, and Mrs. Ella Curry of Santa Ana.

CABBAGE GROWERS EXPECT BIG PROFIT

Buyers Have Been In North End of County Buying Product

FULLERTON, Jan. 25.—With prices touching the highest mark in years, growers of early cabbage in the Fullerton district face the prospect of realizing a handsome profit this year.

In past years cold storage cabbage in the East has kept the prices down with the result that growing early cabbage there has been discouraged until only a small acreage has been devoted to it at times. This year, however, the East is short even of cold storage cabbage and there has been a consequent heavy demand for the early product from the West. Although the cold weather will retard the cabbage crop somewhat, no injury has resulted.

A Los Angeles buyer was at Fullerton the past week, offering \$60 a ton for new crop cabbage. This is the best offer that has been made in fifteen or twenty years.

TO DECIDE UPON DATE FOR G. A. R. BEACH CAMP

Following their meeting here yesterday with Sedgwick Post, G. A. R., the Women's Relief Corps and Daughters of Veterans, E. A. Leavitt, commander of the Department of California and Nevada, G. A. R., and John H. Roberts, assistant adjutant general, were today scheduled to be in Long Beach to decide upon the date for the next department encampment, which will be held some time in May.

About 150 people were present at yesterday's meeting, which was held in the G. A. R. hall. Part of the duties of the department chiefs is to visit the various posts to determine what conditions prevail, and to give, if necessary, suggestions for improvement. Commander Leavitt and Adjutant Roberts found but few suggestions necessary, as regards Sedgwick Post.

The meeting was an open one, the regular inspection of Sedgwick Post coming later in the year.

Commander Leavitt earnestly urged that all members of the G. A. R. do all in their power to induce Civil War veterans to join the organization. He stated that there are now about 140,000 members in the G. A. R. Two hundred thousand veterans of the Union armies are not in the organization, Commander Leavitt said.

A. B. Knowlton, past commander of the Southern California Veterans' Association, was present and made a speech.

Several men from Los Angeles also were present and gave interesting talks.

POSTPONE PICNIC

ORANGE, Jan. 25.—The North Dakota picnic set for Saturday of this week, has been postponed until sometime in February.

TUSTIN GIVES BIRTHDAY DINNER FOR HER PARENTS

TUSTIN, Jan. 24.—Honoring the birthday anniversaries of her father and mother, Mr. and Mrs. F. C. Stearns and a farewell to her sister, Mrs. Fenlon Matthews gave a happily arranged dinner last Sunday at noon. The elder members of the family were seated first at a table centered with a handsome birthday cake, a baked chicken dinner was served with every accessory necessary to make it delicious and before the close a silver meat fork was presented to the couple whose birthdays came so near together, as a remembrance of the occasion.

A half hour later the scene was changed. The table was spread for the younger members of the family, in honor of her sister, Miss Gladys Stearns, who was to marry and leave home the next day.

A cupid whose image was reflected many times in the mirror upon which it stood, centered the table this time, and tiny cupid marked the places of the bride and groom to be. The other guests were seated by place cards. Another delicious dinner was served in courses.

The afternoon was happily spent by the family together, the sisters enjoying their piano music and songs.

Those present were: Mr. and Mrs. J. H. Stearns, Mr. and Mrs. H. E. Matthews, Mr. and Mrs. F. C. Stearns, Misses Eva and Gladys Stearns, Frank Matthews, Harry Matthews, Clarence Tucker, Lisle Farquhar, George Matthews, Dan Leifranco and Mr. and Mrs. Fenlon Matthews.

Bride and Groom are Surprised by Friends

On Monday morning, January 22, at 11:30 the marriage of Miss Gladys Stearns, daughter of Mr. and Mrs. F. C. Stearns of Tustin, and Lisle Farquhar of Orient, Iowa, was quietly solemnized at the Tustin Presbyterian manse.

The ceremony was performed by Rev. W. S. McDougal and witnessed only by Mr. and Mrs. F. C. Stearns, the bride's parents.

The couple immediately returned to the home of the bride and were soon on their way to Santa Ana by automobile, intending to quietly take the car to Los Angeles, but to their surprise were met in Santa Ana by a host of friends and deluged with rice, old shoes and showers of good wishes.

They will leave Los Angeles in a few days for Orient, Iowa, which is to be their future home. Mr. Farquhar has been in California for the past two years, but going back to engage in business with his father, he determined to take his bride with him.

Young Folk Dance At Tustin K. P. Hall

All the young people who love to dance whiled away the rainy evening last Friday night at K. P. Hall in Tustin tripping the "light fantastic."

Mrs. Daisy Turner gave the piano music and was accompanied by Roy Dysart on the drum. Harry Kendrick's violin was missed, but it was said that he could not get there on account of the rain.

There was quite a goodly crowd and the dancing was immensely enjoyed, as well as the delicious cake and punch served later in the evening.

ARGENTINE AGAINST 'ONE MONEY' BASIS

BY CHARLES P. STEWART

(United Press Staff Correspondent)

BUENOS AIRES, Jan. 25.—The plan suggested by Dr. De la Plaza, just retired as president of Argentina, for putting the republic on a "one money" basis has not met with a very enthusiastic public reception.

Some time ago the Argentines grew tired of transacting business in a depreciated and fluctuating paper currency. They accordingly took an accounting and found that they had enough gold on hand to redeem their outstanding paper issues at the rate of 44 cents on the dollar.

A law was accordingly passed fixing 44 centavos as the legal value of a paper peso. A gold peso was worth 100 centavos, or the merest trifle less than \$1 United States money. Gold pesos were and still are so scarce, however, as to be practical curiosities. The gold to redeem the 44-centavo paper pesos was religiously kept at the Caja de Conversion, however, and whenever any more paper money was issued, a corresponding amount of gold was deposited in the caja.

The result of this was to stop the fluctuation of Argentine money but it left the country with two kinds of pesos, at least nominally, gold and paper. It complicated bookkeeping and caused more other incidental inconveniences.

Just before his term as president expired, Dr. De la Plaza sent a message to congress saying he considered this a poor arrangement. He proposed that, as the 44 centavos paper pesos were out and were presented for redemption, in a volume sufficient, smaller to allow the gold reserve still to cover it, they should be retired.

There were other incidental features to his plan, concerning coinage and various minor details, but, essentially the scheme was to end the system of having two varieties of the same kind of money.

The public view is that this would be a good thing in theory but that it would cause more temporary inconvenience and confusion than the country likes to submit to. Furthermore it is asserted that the change would unsettle prices for a long time and that the consumer would get the worst of it.

Congress has the matter still under consideration but the plan has so many opponents that its adoption seems doubtful.

COMMERCE CLUB OF ORANGE TO ENTERTAIN

The evening of next Wednesday, the very last day in the first month of 1917, will see the Associated Chambers of Commerce of Orange county gathered at Orange for discussion of subjects that pertain to the interests of the whole of the county.

The meeting will be held at the Commercial Club rooms and it is said the Orange "boys" are arranging for "some swell feed."

So far as is known to Secretary Metzgar there is no one particular subject coming up, but few meetings of the combined chambers are held at which something of a big nature is not developed.

BENEDICT -TO-BE IS TENDERED STAG PARTY

WINTERSBURG, Jan. 25.—Saturday evening, a stag party was given at the home of L. L. Letson in honor of William McGuire who is soon to become a benefactor. A most excellent supper was served, the ability of host Letson as a cook being pronounced first class when oysters fried, oysters stewed, in short oysters in all styles were set before the jolly company. The evening was spent making merry at the expense of the guest of honor, all tactics failing, however, to induce him to give the time of the approaching wedding. Those present, fifteen in number, only await the important announcement to give him their very best wishes for much joy and happiness.

He has purchased ten acres of land near Turlock, which is all in alfalfa, and will leave for that place on Friday of this week.

IF KIDNEYS AND BLADDER BOTHER

TAKE SALTS TO FLUSH KIDNEYS, AND NEUTRALIZE IRRITATING ACIDS

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continuing this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Advertisement.

NOT IN THE MOVIES

The National Board of Review, which is the keeper of the conscience of the movie trust, has shut down on the further production of nude pictures, on account of "widespread disapproval" of such pictures throughout the country. The board had already put the ban on "white slave" and sex-problem films, and now by banishing the nude, it completes the list.

We heartily agree with the Fresno Republican that the "Board of Review" is unquestionably right. There is a place for all these things, but its place is not in the ten-cent movie screen. The nude in painting and sculpture is not objectionable, except when the subjects themselves are suggestive, and we are getting so accustomed to approximate nudity in every day life that we do not notice it. But the ten-cent movie is not the place for it. "White slave" exposures are going on very usefully, in San Francisco, right now, in the pulp and in the press. But the ten-cent movie is not the place for them. The problems of the "problem play" do exist, and they need discussion. But the ten-cent movie is not the place for them. If the screen drama will keep out of these questions entirely, it will fill its place in the world more pleasantly, more usefully and more profitably.

BUY A COW

The possibilities of thrift in the humble western farm home are exemplified to some degree, and in an interesting way, in the experience of Mrs. W. J. Cunningham, wife of an agriculturist residing east of Spickard, Mo.

She had some rags stored up, and of these she wove a carpet. She sold the carpet and, with the proceeds, bought a calf. The calf in due course became a cow, and in time, provided a calf for each of her owner's five children, and three for the owner herself. These calves have now become cows and the other day Mrs. Cunningham sold the mother of them all for a price sufficient to pay for a buggy.

"The telling of this story," says the Christian Science Monitor, "would be more satisfactory if the last point could properly be omitted. The mother cow had earned the right to remain in her old home."

MISSOURI DRY?

Despite the will of the people of Missouri, who in recent years have invariably elected a "dry" majority in the legislature, prohibition measures fail to obtain a proper hearing in that State, because of a two-thirds rule in its Senate which operates to transform a majority into a minority when the "drys" seek consideration of bills to which the "wets" are opposed. In the present session of the legislature the "drys" are going to concentrate their attention and strength upon a move to have the rules so amended as to insure fair play for the majority. This accomplished, Missouri will soon swing into line for prohibition of the "bone dry" pattern.

ONE VIRTUE OF BOOKS

"What if a book is dull?" inquires Samuel McChord Crothers in one of the monthly magazines. "It can't follow you about. It can't buttonhole you and say: 'One word more.' When you shut up a book, it stays shut." But not Dr. Crothers' books. His epigram suggests a new test for the books on your shelf. Which ones stay shut—which ones call out, "Read ME?" It is not the loudest books one hears best; loud-spoken books defeat their purpose if they deafen you till you can't hear yourself think. Thomas Carlyle is, for us, one of those thunderers. Quiet voices reach the ear better; undertone voices like Charles Lamb's. But books do know their place, and sometimes that's a big relief.—From Collier's Weekly for January 20.

Model Menus
One writer has published what he conceives to be a model menu for a week. The item for the final day of the experience is "1 section of rope, 25 cents." Of course, the experimenter is to employ this in hanging himself. The scheme is not flawless.

In the first place the purchase of the rope would be an extravagance, as almost any household carefully searched could be made to produce rope plenty good enough, or, if not rope, an adequate and satisfying trunk strap.

The second fault to be found with the plan is that the item did not refer to the first instead of the last day of the period of suffering.

Of course this writer was having fun, and yet he was no whit more ridiculous than many who have tackled the problem seriously.

The Criminal Cigarette
Oklahoma is agitating a law to make the smoking of a cigarette an arrestable offense.

Never liking the cigarette for personal use, and generally dodging intimacy with it, I still hope that no such law will go on the books. To see a large body of men making asses of themselves is not a pleasing spectacle.

In the Soup
Consul General Bopp was found guilty of something or other, and no sooner had the verdict been returned than the government bounced him.

And it is at that sort of a moment that a fellow really needs a friend.

Carelessness
The gentlemen who have been engaged in blowing up munition plants are a careless sort.

They are likely to jar the earthly possessions of quite innocent people, and even to subject international amity to a strain.

Gum
According to a prominent manufacturer of gum, the war has boosted his business.

Probably by increasing the number of people who by activity of the jaws

wanted to create the delusion that they were eating something.

Reduction
It is all right for prominent women who happen to be too fat for comfort to take vigorous exercise to reduce. Whether they lose any poundage or not, the process is likely to do them good.

However, there is no real reason why papers should picture them in the act. Portrayal of an ever-nourished society matron reposing on the small of her back, with her feet waving wildly in the air, tends to detract from her dignity on later occasions.

The Rich at Court
Had there not been a fortune behind Thaw his journey to the electric chair would have been speedy.

Had his money not continued behind him, he never would have been turned loose to prey upon society.

Getting Stung
Having been turned foolish, and become a criminal for love of a young woman, a man now in jail says, "Don't woo a young girl at fifty or you will get stung."
Sure thing. And deserve it.

Leakage
Personally the privilege of despising Tom Lawson has for years been one of the minor delights of life. Congress should have made the fellow give out the facts he professed to have or sent him to jail.
Tom is a very offensive person, and has the nerve to brag about it.

Ninety-Cent Eggs
Poultrymen say that the consumer will soon be paying ninety cents a dozen for eggs.
For the benefit of the "egg king"? They don't know the consumer.

Very Obliging
An anonymous letter ordered a San Bernardino man to hide a thousand dollars in gold under a certain stone, and he would have done it had not his banker found it out.

The obliging gentleman should adopt the newspaper rule of paying no attention to anonymous letters.

THE FLOOD QUESTION
Los Angeles, Jan. 13, 1917.
Editor Register:—We are reading much in the daily papers on flood control. This subject is especially before us in Los Angeles county, where a bond election is imminent. On the 21st we read something of the plan evolved by Senator Rominger on flood control in Los Angeles county. Where are those who represent us in Orange county? We haven't heard of them or what they propose to do.
Of the much that has been said lately, and, in fact, ever since the disastrous floods of 1915, we have failed to note any one at any time who have expressed their ideas in print who seem to have a really broad and unselfish plan to propound. The major-

ity fail to treat the subject in its entirety or look into the future for possibilities and a plausible solution. Surely they have not considered their grandchildren in any of the schemes proposed. We are in hopes, however, before proposed legislation has been enacted, that some one from somewhere will have a broader conception of both requirements and possibilities; that he will take the broad view of state control and conservation of one of the great resources of the state, greater even than her mines, which are responsible for her being. Our flood waters should not be a menace but a source of great revenue. Every wheel in the Golden State, in factory, trolley and railroad, should eventually be driven by electricity.

HOSTESS AT LUNCHEON

Mrs. John McFadden Entertains Company of Friends, Neighbors Yesterday

One of the most delightful of the social affairs of the week was the one o'clock luncheon yesterday, at which Mrs. John McFadden was the genial hostess, her guests being neighborhood friends of many years' standing. Mrs. McFadden was fortunate in having rare flowers for her table decorations, combining beautiful white Roman hyacinths with the first of the season's pink sweet peas, the blossoms being arranged in a graceful bouquet. A delicious three-course menu was served.

The afternoon hours sped rapidly away with social chat and dainty needlework, the guests numbering the following ladies:

Miss Anna Walker, Misses J. C. Franklin, J. R. Medlock, William Smart, C. A. Gustlin, J. A. Turner, W. N. Prince, W. A. Zimmerman, Wood, J. J. Zelman, W. W. Brandebury, S. E. Walker.

FASCINATING PROGRAM

Mrs. Mae Shumway Enderly to Appear Before the Ebell Society

The Ebell society will meet on Saturday afternoon at Elks' hall and a very enjoyable program has been prepared. Mrs. Mae Shumway Enderly, who has delighted a Santa Ana audience before with her fascinating programs, is to be the entertainer. Mrs. Enderly recently gave a program before the Los Angeles Ebell, and the most enthusiastic reviews were given her in the city papers. Mrs. Enderly completed a tour of several months' tour under the management of the National Lincoln Chautauqua circuit of Chicago. The program to be given here is called "The Brides of the Peasant Countries," and Mrs. Enderly will wear the costume, describe the wedding of some of the more important peasant countries, and will give many of the folk songs and stories. The costumes were bought by Mrs. Enderly from brides in various countries through which she has traveled.

Members whose dues are in arrears will be given an opportunity to pay them on Saturday before the meeting opens, and also to pay the dues for the remainder of the year.

Married in Santa Barbara
Mrs. Fannie Bernhardt and Chas. Barker of Orange were married Monday at Santa Barbara.

Mr. Barker is a painting contractor of Orange and prominent Odd Fellow, while his wife has been attending business college here and belongs to the Orange Rebekah Lodge.

They have hosts of friends who will wish them well in their journey through life.

BABY BLUE EYES

Baby-Blue-Eyes, you are fairer
Than all other native flowers,
Lighting up the rocky canons
Through the sunny springtime
hours.

Clear and modest-sweet, like
Baby's,
Are your star-bright azure eyes,
Meeting mine in childish wonder,
Or with innocent surprise.

Baby-Blue-Eyes, you are winsome,
Laughing up to us from earth,
Nestling in the lap of Nature,
'Neath the ferns you peep in
mirth.

Once another pair of blue eyes
Into yours would fondly peep;
But one autumn night she closed
them
In a long and dreamless sleep.

And your eyes grow soft and
tender
As I look in them today,
Till I see again the smiling
Of the Baby gone away.

When the heart grows faint with
longing,
From the world I turn to you,
For I find a silent comfort
In your eyes of baby blue.

JOLLY DINNER PARTY

Winbiger Home Scene of Pleasant Affair With Evening Jolly Amusements

Mr. and Mrs. Theo. A. Winbiger were hosts yesterday evening at a pleasant 6:30 o'clock dinner at their hospitable home on East Ninth street, the appointments being carried out in Mrs. Winbiger's favorite combination of pink and green.

Dainty pink baskets held spicy pink carnations and lacy maiden hair fern and the place cards carried out the rose tints.

A delightfully informal evening of music and games was thoroughly enjoyed, the impromptu diversion causing much merriment.

Those fortunate to be guests last evening were Mr. and Mrs. H. C. Dawes, Mr. and Mrs. Mit Phillips, Mr. and Mrs. A. Yarnell, Mr. and Mrs. C. M. Jordan, Dr. and Mrs. J. I. Clark, Mr. and Mrs. A. J. Padgham, Mr. and Mrs. C. S. Kendall and Mr. and Mrs. Frank Worden.

Les Cuisinieres
On Saturday evening last Les Cuisinieres (The Cooks) spent a pleasant evening at the home of Miss Iva Webster. The young hostess, assisted by Misses Cammie Mitchell and Mildred Marchant, served the following delightful menu:

Mock duck, kartofoel a la smash con gravy, Dough balls, Blackberry Crumble, Apples de Waldorf, Caged peaches, Cherubim cake, Africa tea, Con Snowflake, Bites o' Erin, Spud blossoms.

A happy evening was spent in merry conversation, music and dishwashing.

Mrs. Lucy Still III

LUNCHEON AND BRIDGE

Another One of Social Series At Briggs House Delightful In Appointments

The second in a series of social functions planned by Mrs. George S. Briggs took place yesterday at her North Broadway home with twenty-four friends as guests, all of whom voted the affair a right success.

Feathery yellow acacia and yellow tulip bows made attractive adornments for the beautiful home, the centers of the luncheon tables holding nut cups and place cards carrying out the harmonious colors. Four delectable courses were faultlessly served.

Mrs. Briggs was most busily assisted by her wee, golden-haired daughter, Miss Jeannette.

After playing a series of interesting auction bridge games, it was found that the prizes had been won by Mrs. J. W. Tubbs, Mrs. C. A. Riggs and Mrs. Frank Remsburg.

The guest list included Meses. H. G. Ames of Anaheim, A. J. Crookshank, J. M. Cole, J. I. Clark, Addie Collins, W. L. Deimling, C. V. Davis, L. J. Carden, J. S. Hill, J. P. Hatzfeld, W. A. Huff, Alice Harris, Chas. Kelly, S. W. Nau, A. W. Rutan, Frank Remsburg, C. A. Riggs, A. B. Spears, R. M. Simon, J. W. Tubbs, B. E. Turner, J. D. Thomas and Mrs. W. E. Winslow.

North Side Club at Tustin

Roses were chosen for her floral decorations by Mrs. B. F. Beswick of Tustin, Tuesday, when she entertained the North Side Club of this city. The ladies spent several enjoyable hours with fancy work and chat.

A dainty afternoon tea closed the club meeting, Mrs. Beswick being assisted in serving by her sister-in-law, Mrs. R. Wentz, who is a visitor from Carrolls, Wash., and also Mrs. O. F. Remsburg.

Among the guests of the club were Mrs. Andrew Getty, Mrs. J. G. Morrow, Mrs. Crawford and Miss Mary Craig of Santa Ana and Mrs. Art Lindsay of Tustin. Members present included Mesdames Fred Robinson, Mrs. W. C. Rowell, Walter Eden, E. L. Morrison, E. E. Remsburg, C. W. Bowers, O. F. Remsburg, C. H. Moacham, J. W. Elliott, C. H. Perkins, Thos. Tryhall, Allie Cain, and Abbott.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

SHOWER BRIDE-ELECT

Miss Blanche Irvine Honored At Affair Given By Mrs. W. Henderson

Miss Blanche Irvine was given a very pretty gift shower on Tuesday evening, her friends, Mrs. W. Henderson, of 607 East Sixth street, being the charming hostess. Very pretty decorations were carried out, lilacs and greenery being artistically utilized in the living room and Christmas cactus, a most beautiful growing plant and ferns being seen in the dining room.

Miss Irvine was the chief player in a "discovery" game and while she was exploring she came across many neat packages, all of which contained some beautiful and appreciated gifts.

The afternoon was happily passed and Mrs. Henderson was assisted by Mrs. Irvine, mother of the complimented young lady, in serving appetizing cake and cocoa.

Miss Irvine will become a bride in the near future, the fortunate young man being Roy Roepke, one of the cheery and popular conductors on the Pacific Electric.

The guest list besides the honoree, included Meses. Lou Stearns, Frank Calkins, Havens, McMillan, Campbell, Lytton, F. Jones, A. S. Hart, Hendrickson, Irvine, Drickson, George Barrett and Miss Nelda Michel.

For Mr. and Mrs. Welbon

Mr. and Mrs. E. L. Morrison were hosts last evening, honoring Mr. and Mrs. A. G. Welbon, who will leave here February 1 on their return trip to their missionary station in Korea.

Very beautiful decorations of Roman hyacinths, pink and white roses and fresh-leaved smilax prevailed, the mantel being banked high with the lovely blossoms.

An evening of social conversation was passed and Mrs. Margaret Caldwell Gehrett rendered several lovely vocal numbers, after which a dainty two course collation was served, in which the pink and white color motif was apparent.

The invited company included Messrs. and Meses. A. G. Welbon, J. A. Stevenson, E. B. Smith, Herbert Rankin, J. H. Rankin, G. A. Rowell, H. C. Dawes, C. S. Kendall, Mrs. A. J. Lawton and Mrs. Margaret Caldwell Gehrett.

M. E. Church South Missionary

The ladies of the Missionary Society of the M. E. Church South entertained their husbands last night at 7:30 o'clock in the church parlors.

The following program was rendered and greatly enjoyed:

Piano and violin duet—Misses Otha Shields and Marie McNaught.

Quartet—Misses Grace Martin, Mary Jones, Maud Holland and Lottie Morris.

Reading—Mrs. C. W. McNaught. Solo—Miss Flossie Zerman.

Reading—Miss Linda Paul. Vocal Solo—James Nuckolls.

An original poem—Mrs. E. A. Clardy.

Piano Solo—Miss Caroline Haugton.

At the close of the program, the refreshment committee served delicious refreshments in the banquet room. All then returned to the parlors which were beautifully decorated with pepper boughs and red geraniums, and enjoyed a social hour.

Miss Florence Brace Honored

Another of Santa Ana's charming daughters is to go to the altar soon and in honor of Miss Florence Brace, Mrs. Joseph Metz, of 613 East Sixth street, was hostess at a jolly shower last night. Miss Brace is to wed Theodore Watry, son of Rev. and Mrs. Francis Watry, formerly of this city. Miss Brace has been the musician at the West End Theater.

Mrs. Metz used golden marigolds as her tasteful adornments and the time was enjoyably passed with needle work and listening to lively victrol music.

The gifts were presented to Miss Brace in a large box and all were stamped in parcels post fashion. They were beautiful and greatly appreciated.

Before the guests departed, Mrs. Metz served delicious chocolate and cake, those present being Misses Florence Brace, Nell Burson, Rosaline Dawes, Nell Turner; Meses. McCutcheon, Grace Marshall, Mary Ellsworth Ethel McIntire and Eberlein.

To Have Tea

The Daughters of Veterans will hold their monthly tea at the home of Mrs. A. B. Gardner, 618 East Third street Friday, January 26, at 2:30 p. m.

Chemistry Research Club

The second meeting of the Chemistry Research Club was held under the direction of Prof. T. B. Kelly of the chemistry department of the Polytechnic high school in the Science building Tuesday afternoon.

There were twenty-one members present. Berkeley Davis, president of the club, presided and each member responded to roll call by reading an interesting clipping on chemistry in every-day life.

Dr. J. I. Clark was expected to give a talk on the application of chemistry to medicine, but was unable to be present on account of business.

Berkeley Davis and Carl Johnson reported very cleverly on their experiment of extracting camphor out of the leaves, bark and berries of the camphor tree.

The experiment was repeated before the club and samples of the pure camphor shown. Committees were appointed on several research experiments, among which may be mentioned, extracting eucalyptus oil from the eucalyptus leaves, extracting iodine and potash out of kelp, and study the properties in the milk of the poinsettia plant. The club adjourned to meet the third Tuesday in February.

U. S. WILL TEACH
MEDICAL LORE
IN COLLEGES

WASHINGTON, Jan. 25.—Following the general program of "preparedness," instructors in military sanitation and medicine furnished by the War and Navy Departments probably will be placed in 95 of the foremost medical colleges of the United States, February 1.

This action is intended to equip our institutions of medicine and surgery with a course of training that will fit the future medical profession of the country to promote betterment of health in times of peace, and to prepare it for its duty in any untoward crisis.

It followed a conference in Washington January 6 in which deans of medical schools in all sections of the country, members of the advisory commission of the council of national defense, members of American physicians, and the high officers of the army and navy participated.

The invitations to the conference were extended by Secretary of War Baker following the suggestion of the Council of National Defense which had the hearty endorsement of the Committee of American Physicians. The latter organization is strong in advocacy of medical preparedness and desired to co-operate with the government to prepare the profession for their patriotic duty in times of stress.

It is the idea of the council to furnish the graduating classes of medical schools with a rudimentary military training and it is estimated that this action will furnish 3,000 young medical men fairly well equipped for the medical military service on June 1, the date of their graduation this year. The Secretaries of War and Navy will supply the necessary instructors.

This move in medical preparedness has the unique distinction of claiming the support of both militarists and pacifists in that the physician and surgeon is engaged in the humane efforts of life saving throughout the horrible destruction of war.

Such a course of training is not contemplated with the sole thought of war, but also that future members of the profession may be prepared to face the problems arising from national calamity and catastrophe in times of peace.

BEAN GROWERS ARE

Checks Totalling \$500,000
Are Being Mailed By
the Association

OXNARD, Jan. 25.—Local bodies of the California Lima Bean Growers' Association throughout the county are holding meetings for discussing the work during the past year.

At meetings of the Hueneme and Santa Paula associations, at both of which F. A. Shipley, manager of the association, was in attendance, growers expressed themselves as satisfied.

This is the first year of operation of the "new association." The association has a large membership in Orange county.

Growers are receiving this week, payments of 1 1/2 cents a pound for the beans marketed through the association.

The checks total about \$500,000, and bring the total payments of the association to date, for beans marketed, up to about \$2,000,000.

New Candidates Entering and
Taking the Lead In a
Day's Time

—In just a few weeks the most lavish distribution of beautiful prizes ever announced by a theater will be given away absolutely free to the people of Santa Ana by the Lyric Theater. In just a few weeks and the Lyric Theater campaign will have passed into pleasant memories, and some happy candidate will be driving a fully equipped five-passenger Chevrolet Touring car, some other energetic candidate will be the proud and happy possessor of that beautiful Howard piano, of which so many people have been talking and passing the remark, that they wished they had it. And so far all the wonderful prizes shown in our add on page four.

Many new candidates are starting out each day with great determination to overcome the slight lead held by the candidates who started earlier in the campaign, and the speed with which these leads are being overcome is' bothering the other candidates not a little and sending them broadcast in search of votes. The only way to safeguard one's self against unlooked for happenings is to make every minute count and hustle as never before.

All candidates must make an extra effort before Saturday at 10:30 p. m., as every 50 cent theater ticket sold before that time will count 500 votes and will only count 450 votes if sold after then. A 50 vote decrease takes place each Saturday during the entire campaign, thus necessitating a winning candidate to make a steady average on sales rather than a big splurge at the finish, and protecting all the candidates from some party coming in and ouying a prize the latter end of the campaign.

THE FARM LOAN BANK

BY FRANK R. WILSON OF THE FEDERAL FARM LOAN BUREAU
(Written for the United Press.)

WASHINGTON, Jan. 25.—The question has been frequently asked, "How can a renter who has not saved 50 per cent of the purchase price of land make use of the Federal Farm Loan Act to get land of his own?"

The answer is, by means of a first mortgage given under the Farm Loan Act for 50 per cent of the purchase price—provided this does not exceed 50 per cent of the appraised value—and a second mortgage given to the former owner of the land or to a bank or private money lender, for the balance.

It must be borne in mind that the amount which can be borrowed under the Farm Loan Act is limited to 50 per cent of the appraised value of the land, and this is written on the assumption that the tenant will not pay more for his land than it is actually worth, or, in other words, its appraised value as contemplated under the Farm Loan Act.

To furnish a concrete example: Suppose John Smith, a renter, wants to buy 100 acres of land, valued at \$50 an acre; the total purchase price would be \$5,000, but John Smith has not the money to buy it.

Under the Farm Loan Act, Smith would be entitled to borrow \$2,500 of the appraised value, if this appraised value should be the same as the purchase price. This would leave \$2,500 to be handled by a second mortgage. The amount borrowed under the Farm Loan Act could be paid to the original owner of the land and a second mortgage executed for the difference.

The original owner would thus get a satisfactory payment down, and if he had confidence in the purchaser, he would probably be willing to accept a second mortgage for the balance, divided into ten annual payments.

Here is the way it would figure out: The first mortgage of \$2,500 given under the Farm Loan Act would draw, let us say, 5 1/2 per cent interest and

would be paid off on the installment plan through a period of forty years by making annual payments of \$155.95.

Now let us say that the second mortgage would draw 6 per cent and could be arranged so as to be retired in ten years. The interest on this \$2,500 mortgage at 6 per cent would be \$150 the first year and one-tenth of the \$2,500 would be \$250.

Adding the interest and the one-tenth annual payment would mean a payment of \$400 on the second mortgage the first year. The second year payment would be \$385 and the following payments through the ten years to retire the second mortgage, both principal and interest, would be \$370, \$355, \$340, \$325, \$310, \$295, \$280 and \$265.

On top of all these annual payments would be the \$155.95 interest and amortization payments on the first mortgage to the Federal Land Bank so that the total payments, interest and principal, on the two mortgages would begin at \$555.95 and dwindle down to \$420.95 the tenth year and after that only \$155.95 each year.

If the terms of the second mortgage could be arranged for longer than ten years the required annual payments would be correspondingly reduced.

These payments are no greater than the average tenant pays for rent. The first year payment on both of these mortgages would amount to approximately \$5.50 an acre. These would gradually reduce until the tenth year he would be paying \$4.20 an acre and each year after that he would be paying only \$1.55 per acre per year. Instead of being paid as rental this money is applied on the purchase price of the land.

The interest rates quoted in this instance are suggestions only and are not to be taken as an official statement of what rates will prevail under the Farm Loan Act.

FAMED FOLK TO
TALK ABOUT
PATRIOTISM

WASHINGTON, Jan. 25.—Famous men and women Americans are gathered here from all parts of the United States to discuss: "What is Patriotism?"

Included in the list are such personages as Ellhu Root, Former Secretary of War Stimson, Rear Admiral Fiske, Theodore Roosevelt, Medill McCormick, Mayor Mitchell, Alton B. Parker, Howard E. Coffin, Samuel Gompers, William Roscoe Thayer, Herman Hagedorn, Senator Borah, Prof. Edward A. Steiner and others.

This meeting is called The Congress of Conservative Patriotism, is under the auspices of the National Security League and is aimed at better military, naval and industrial preparedness in the United States. There are seventy-three delegates from New York City alone.

The subject is to be discussed in a non-partisan, non-political spirit. Women are to take an important part in the discussions. There are expected to be about 1,000 delegates present.

"The object," said S. Stanwood Menken, chairman of the league's committee on Congress, today, "is to establish a lecture system by experts who will take up the matter of preparedness at points throughout the country in a non-partisan, non-political way. Professor Albert Bushnell Hart of Harvard, has this branch of the work in charge."

The well known men and women citizens present today are expected to give their personal definitions of what patriotism really is.

**PROMPT SETTLEMENT
OF CLAIMS MADE BY
COUNTY AUTO CLUB**
As an example of the manner in which claims against the Auto Club of Orange County are handled by its insurance department, the completed claim of George E. Peters for damage to his car by collision was filed in the office of the club at 2:30 p. m. on Wednesday afternoon, and within a half hour the check of the Automobile Indemnity Exchange for \$411.54 was in the hands of the garage company which made the repairs. The club assumed all the responsibility of making the adjustment with the party who caused the wreck, and he has already signified his willingness to take care of the expense. The \$411.54 all remains in Orange county.

The Acid Test
There are inexperienced people who must know something of a thing before they will invest in it. There are cautious people who will not commit themselves to a thing until they have tried it out. These people are apprehensive about the handling of their estates after their deaths. Modern finance has devised a way through which a man can, if he is willing, observe the effects of his gift and still be able to withdraw it if experience shows that a mistake has been made. Let him place that portion of his estate which is to go to persons whose judgment he questions, in a trust fund. Let this trust fund be placed in the hands of a capable and efficient trustee with instructions to invest and re-invest for the beneficiaries, and in a manner pleasing to the creator of the trust. Let him require that periodical statements of the management of the trust fund be made to him. Let him reserve the right to change the terms of the trust at any time, or to terminate it and take back the fund whenever he sees fit. These things done, he may observe the workings of the trust he has created. He will note the class of securities in which the trust is invested, and the care shown by the trustee in handling the same. He will note the effect of the newly acquired income on the man or woman who enjoys it. If he finds he has made a mistake, he will withdraw or modify the income. If he finds that it works well, he will reap the reward of his beneficence while he lives and is assured of its continuance when he dies. If you find this plan attractive, the Orange County Trust and Savings Bank will be glad to talk to you and have a confidential conference with you.

LOS ANGELES PRODUCE MARKET

The green vegetable situation is growing a little better but there is still such a scarcity of supplies that the trade is in a quandary to take care of its customers. As a usual thing, Southern California produces a tremendous amount of green vegetables all the year around, but this season the production is said to be small. However, this may be only talk. Producers and dealers alike have combined to reap all the profit they can from the consumer during the past twelve months, and no doubt, it is this attitude that has considerable to do with the present level of prices in vegetables. Once in a while one of the varieties is cut a few cents, like peas yesterday were reduced to 13 and cents a pound, but as long as the people are willing to pay the prices demanded for stuff the dealers are going to mark up their stocks.

Eggs continued to decline on the Produce Exchange Wednesday morning when the quotation for extras dropped to 33 cents a dozen, while case count brought 32½ cents. There was a fair call for eggs at these prices but the majority of dealers are buying on a hand to mouth basis expecting cheaper values in the near future. Butter was firm at 37 cents per pound.

AT THE COURTHOUSE

OTHER SIDE OF KERN ARREST BEING TOLD

Non-suit Motions Made In Anaheim Damage Suit Denied By Judge West

While it may not be true that there are two sides to every story, certain it is that there are two sides to the story of the arrest of F. B. Kern, bicycle dealer of Anaheim. Kern's action for \$12,500 damages brought against City Marshal John Kellenberger and Deputy Marshal Phil Germann, both Anaheim officers, is today upon the third day of its trial, and today the officers' side of the story was opened up.

This morning Kellenberger was on the stand for half an hour, when he gave way to J. W. Sackett, an Anaheim officer. Kellenberger is to return this afternoon for further details. It is agreed by both sides that Kern went to the city hall at Anaheim on January 18, 1915, and examined the frame of a bicycle that had been picked up. Germann scraped the paint off of the bottom of the frame in search of identification marks. Kern said a brazing mark satisfied him that the bicycle was his. While Germann was showing the wheel, Kellenberger came in, and asked for further identification. Kellenberger testified that Kern had told him previous to that time that every bicycle that went from the Kern cyclery bore the Kern stencil stamped into the frame. Kellenberger said there was no such a mark on the frame. He said that thereupon, Kern angrily said:

"Here's another officer who knows more about somebody's else business than he knows about his own."

The language depicted by Kellenberger as having been used thereafter by Kern was far more picturesque than Kern had testified that it was. Kellenberger said that after Kern went out on the sidewalk Kern continued to make remarks concerning the officers until the point was reached where Kellenberger took Kern by the shoulder and started with him into the city hall.

It appears that Kellenberger at that time was recuperating from having been shot twice through the lungs by a Mexican desperado, and was not physically able to take a resisting man to jail. Deputy Germann aided him.

Springs Surprise

The defense sprung a surprise on the plaintiff this morning when J. W. Sackett was called. Kern had given the names of those he saw present and he had not seen Sackett. Sackett said he saw part of the affair, but it was none of his affair, and he had not appeared in it. He said that Kern appeared angry previous to his arrest and used some language concerning the officers that was stronger than Kern stated he used. He said that Kern pulled back when Kellenberger started to lead him into the city hall and it was then that Germann took a hand. Sackett heard a scuffle in the recorder's office, but did not see it.

It was during this scuffle that Kern says his thumb was dislocated. Sackett said Kern was in jail 15 or 20 minutes. Kern said it was 45 minutes. Kern said Kellenberger refused to let him out on bail. Sackett said Kellenberger let Kern out just as soon as Walter Kern showed up with \$10 bail.

This morning Judge West denied a motion to dismiss the case as against each of the defendants. Attorneys Koepsel and Ames for the defendant made their motions after the plaintiff's case had been completed, declaring that, even granting all that the plaintiff had presented was true, there was no ground for a judgment against them. Judge West stated that the evidence against Germann was such that, probably, if a jury brought in a verdict upon it, the court would grant a new trial, yet the law was such that a motion for non-suit could not be granted.

F. B. Kern, the plaintiff, testified that after he was arrested Germann assisted Kellenberger in taking him into the city jail, where Kern was searched. Kern said Germann took him by the throat and forced him to his knees in a scuffle, and that Kern threw a thumb out of joint. Dr. C. W. Harvey of Anaheim testified that he treated Kern's thumb, and was paid \$10.

William Falkenstein, O. T. Caylor and W. L. Kern gave testimony for the plaintiff in relation to a conference that was held at the request of a committee of Masons. At that conference, called for the purpose of trying to settle the case out of court, Kellenberger said he was willing to apologize before the committee, but he refused to do as Kern demanded, publish an apology in

the Anaheim papers.

Answer is Filed

Today an answer was filed by J. M. Kellenberger, owner of a sixty-acre ranch at La Habra, to the complaint of the P. E., seeking to condemn a right of way across Kellenberger's land. The answer declares that in addition to the loss by the taking of the strip, Kellenberger will be damaged because his irrigation system will be injured.

For Dissolution

A step in the consolidation of the California National Bank of Santa Ana and the Citizens Commercial and Savings Bank of Santa Ana was started this morning when Attorney S. M. Davis filed his petition for the dissolution of the latter corporation. The petition states that the entire property of the Citizens Bank has been bought by the California National. The petition is signed by the directors of the Citizens. Those directors are E. E. Vincent, J. A. Harvey, L. M. Doyle, M. M. Doyle, A. G. Finley, J. A. Maag and R. E. Miles. The hearing is set for March 2.

For Final Papers

Leonhard Schmid, a rancher on Anaheim R. D. 4, has petitioned for his final papers of naturalization. He was born in Gerstetten, Germany, in 1854, and came to America in 1911. Witnesses for him are Phillip Lutz and G. I. Bauer.

For Partition

B. J. Hayes has brought suit against Louis E. Plummer, administrator of the estate of Wm. D. Jones, and others for the partition of a piece of property in the north end of the county. G. I. Gobar of Fullerton is attorney for the plaintiff.

Another Action

Another condemnation suit for right of way on its proposed line from La Habra to Fullerton was brought today by the Pacific Electric. The defendant is George Patton, and others interested in a lot and a half on Santa Fe avenue between Spadra and Pomona avenues, Fullerton. The complaint declares the property necessary for the completion of its plans.

Ancient History

Today Attorney S. M. Reinhaus asked for an execution upon a judgment of \$5,000 entered in June, 1910, in favor of Mrs. M. E. Bridenbecker against Sico Beck Meyer and Carl Meyer. The plaintiff asked damages for false arrest, declaring that without reason he defendants had caused her to be arrested in Redondo on November 18, 1907, for forcing them out of a house. The defendants did not appear, and Judge Denmore of Riverside gave judgment for \$5,000. Nothing more was heard of the case here until today. S. M. Reinhaus and M. A. Albee are substituted for Chester Smith as attorneys for the plaintiff.

IN THE JUSTICE COURT

TELLS THEM TO GO HOME, DIVIDE THEIR PROPERTY AND QUIT

If they can't get along together without disturbances that take them into court, Justice Cox advised Mariano Raniel and his wife Maclovio to divide up their belongings and separate. Mariano was in court for creating a disturbance at Westminster, and his wife was the principal witness against him. She declared she would never live with Mariano again, and Mariano did not seem at all peeved over the prospect.

They Pay Fines

V. C. Charleston and C. C. Jarvis pleaded guilty to hunting as trespassers on the Aliso Gun Club property, and each paid \$5.

PROVES RHINOCEROS ONCE ROAMED TEJON HILLS OF CALIFORNIA

BERKELEY, Cal., Jan. 25.—That the rhinoceros once roamed the Tejon hills of California, at the southern end of the San Joaquin Valley, has been proved by John C. Merriam, professor of paleontology and historical zoology in the University of California, by the finding of a single tooth.

Fossil remains of the relatives of this great beast have been found in the past in the "Thousand Creek" and "Rattlesnake" pliocene deposits of northern Nevada and Oregon, and in the pliocene deposits near Pinole, in the region of San Francisco Bay. In association with this rhinoceros have been found small vestiges of a mastodon, a camel, a peccary and several different extinct species of ancestors of the horse, including a Protophippus and three or more different species of the little horse known as the Neohippus. These discoveries help to establish the time of origin of the "Chanac formation" of the Tejon hills as early as the Pliocene or a late stage of the Miocene age.

The Chanac beds, thus now christened, are deposits of coarse sandstone and conglomerate pebbles and boulders, about 100 feet in thickness. They were built up by the materials washed down by fresh water streams on top of underlying formations deposited when this region of the Tejon hills was at the bottom of the sea.

LAUNCH DREADNAUGHT
 NEWPORT NEWS, Va., Jan. 25.—With ceremonies in which Secretary Daniels and ranking naval officials were to take part, the 32,000-ton dreadnaught Mississippi was to be launched here today.

The big fighting craft is 624 feet long, and will carry a main battery of 24-inch guns. The vessel's hull has cost about \$8,000,000 to construct, and as much more is to be spent for armor, armament and machinery.

Court and Army

At Wichita recently a judge allowed a convicted thief to go on condition of joining the army.
 Great idea, and fine for the army. The next rogue court-martialed out of the army ought to be sentenced to the bench.

PROXY TAKING MEANS FIGHTS AT ANNUAL MEETING

Coming Gathering of Stockholders of S. A. V. I. Co. May Result In Change Of Directorate

Activity in the gathering of proxies to be voted at the annual meeting of the stockholders of the Santa Ana Valley Irrigation company indicates that a fight is on for directors.

It is understood that proxy gatherings are at work in Santa Ana represented by Fred Rohrs, and the Olive district represented by Geo. Dierker.

The annual meeting will be held at Orange on Tuesday, Feb. 6. It has been seven years since a stockholders meeting of the irrigation company was held. It has been impossible to get a quorum out. The present board has served a number of years and it is reported that all would be only too glad to be relieved of the work and responsibility.

There is no particular dissatisfaction with any member of the present board, but there is a feeling that there should be a change.

W. A. Greenleaf is being advanced as a candidate for director from the Santa Ana district to succeed Fred Rohrs.

 ORANGE, Jan. 25.—The Pacific Electric yesterday began the installation of a wig-wag at the La Veta crossing.
